

Recycle Responsibly

**The Winterville United Methodist Church
will accept the following items for recycling:**

We have partnered with Eco Phones Recycling Fundraisers in a fundraising effort to collect empty cartridges and used cell phones. It's a great way to raise money while helping our environment too!

How you can help. Just bring your empty inkjet cartridges and used cell phones to our drop-off location. You can also support us by bringing items from work.

Qualifying items

Inkjet Cartridges & digital phones

Only digital phones will be accepted (no walkie-talkies, two-way radios, pagers, PDA's, cordless home phones, mock display units, analog phones, or "bag" phones). No manuals or accessories will be accepted. Damaged phones are OK.

Printer ink cartridges must not be damaged; i.e. cartridge case, circuitry and print head must not be broken. Use zip lock bags to individually wrap each cartridge. Laser & toner cartridges are also now accepted.

We also accept the additional items for recycling:

- Cell phones
- radar detectors (Escort, Beltronics, Cobra)
- laptop computers
- MP3 players (Microsoft Zune, Creative & Sandisk)
- digital cameras, digital video cameras, digital frames
- electronic book readers (Kindle, Sony)
- GPS devices (Garmin, Mio, Magellan, TomTom)
- portable DVD players
- handheld game systems
